

You said: bsc power CUT OFF MACHINE 2800 w

The [BSC POWER 2800W Cut-Off Machine \(Model: BSC-COM-9280\)](#) is a heavy-duty professional abrasive chop saw designed for fast and precise cutting of hard materials like metals, steel, tiles, and concrete. It features a powerful 2800W abrasion-protected motor running at a no-load speed of 3800 to 3900 RPM for demanding workshop and indus

## Short Description

BSC POWER 2800 W Cut Off Machine

355 mm Disc

3900 RPM

Country of origin: China

## Specifications

- Brand: BSC
- Power : 2800 w
- Weight (Approx.) : 17 kg
- Blade Diameter : 355 mm
- No-Load Speed : 3900 rpm
- Model : BSC COM 9280
- Rated Power : 2800 W
- Max Disc Diameter : 355 mm
- No Load Speed : 3900 RPM
- Voltage : 220/240 V
- Frequency : 50 / 60 Hz
- Type : Abrasive cut off machine

## Description

The BSC POWER COM 9280 is a powerful 2800W cut off machine designed for fast, precise cutting of metals, tiles, and concrete. It features a 355mm abrasive disc running at 3900 RPM with adjustable fence up to 45 degrees and a tool-less vice for easy clamping. The enclosed blade guard helps contain dust during cutting.
